MEL KOONTZ—FAMOUS HOLLYWOOD ANIMAL TAMER—WRESTLES A FULL-GROWN LION!

**HERE'S MEL KOONTZ** alone in the cage with four hundred and fifty pounds of lion. The huge lion crouches—then springs straight at Koontz. Nerves cool as ice, Mel meets the charge head on. Man and lion clinch while onlookers feel their nerves grow tense. But Mel shows himself complete master of the savage beast. No doubt about *his* nerves being healthy! And, as Mel points out, one big difference in Camels has to do with having healthy nerves. Mel says: "No matter how many I smoke, Camels don't frazzle my nerves."

"I'll say it makes a difference to me what cigarette I smoke"

SAYS MEL KOONTZ TO PENN PHILLIPS

"I guess you *have* to be particular about your cigarette, Mel. I've often wondered if Camels are different from other kinds?"
"Take it from me, Penn, any one-cigarette's-as-good-as-another talk is the bunk. There are a lot of angles to consider in smoking. Camel is the cigarette I know really *agrees with me* on all counts. My hat's off to 'em for real, natural mildness—the kind that doesn't get my nerves ragged—or make my throat raspy."

PEOPLE DO APPRECIATE THE COSTLIER TOBACCOS IN CAMELS

THEY ARE THE LARGEST-SELLING CIGARETTE IN AMERICA

Camels are a matchless blend of finer—MORE EXPENSIVE TOBACCOS—Turkish and Domestic.

**MEL KOONTZ** and Penn Phillips got to talking on the subject of cigarettes. Like Mel Koontz, millions of people find what they want in Camels. One smoker tells another: "Camels *agree* with me!" Yes, those *costlier tobaccos* in Camels *do* make a difference!

ONE SMOKER TELLS ANOTHER . . . "Camels agree with me"

"WE CHOOSE CAMELS FOR OUR OWN SMOKING. WE KNOW TOBACCO"

—SAY THESE TOBACCO PLANTERS

"I know the kind of tobacco used for making various cigarettes," says Mr. Beckham Wright, who has spent 19 years growing tobacco, knows it from the ground up. "Camel got my choice grades last year—and many years back," he adds. "I'm talking facts when I say Camels *are* made from MORE EXPENSIVE TOBACCOS."

Mr. George Crumbaugh, another well-known planter, had a fine tobacco crop last year. "My best yet," he says. "And the Camel people bought all the choice lots—paid me more than I ever got before, too. Naturally, Camel's the cigarette I smoke myself. Fact is, most planters favor Camels. So I know that Camels use finer tobaccos."

Mr. Cecil White, successful planter of Danville, Ky. "Like most planters around here, I sold the best of my last crop to the Camel people. And at the best prices. I stick to Camels and I *know* I'm smoking choice tobaccos."

"It's a fact that Camel uses costlier tobaccos," adds Floyd Smither, who grows tobacco and knows it from the ground up. "Last year I grew a handsome crop of tobacco and the Camel people bought up all the choice lots—paid more for it. I smoke Camels myself, believe me. So do most planters hereabouts. I *know* the quality tobacco that goes into them."

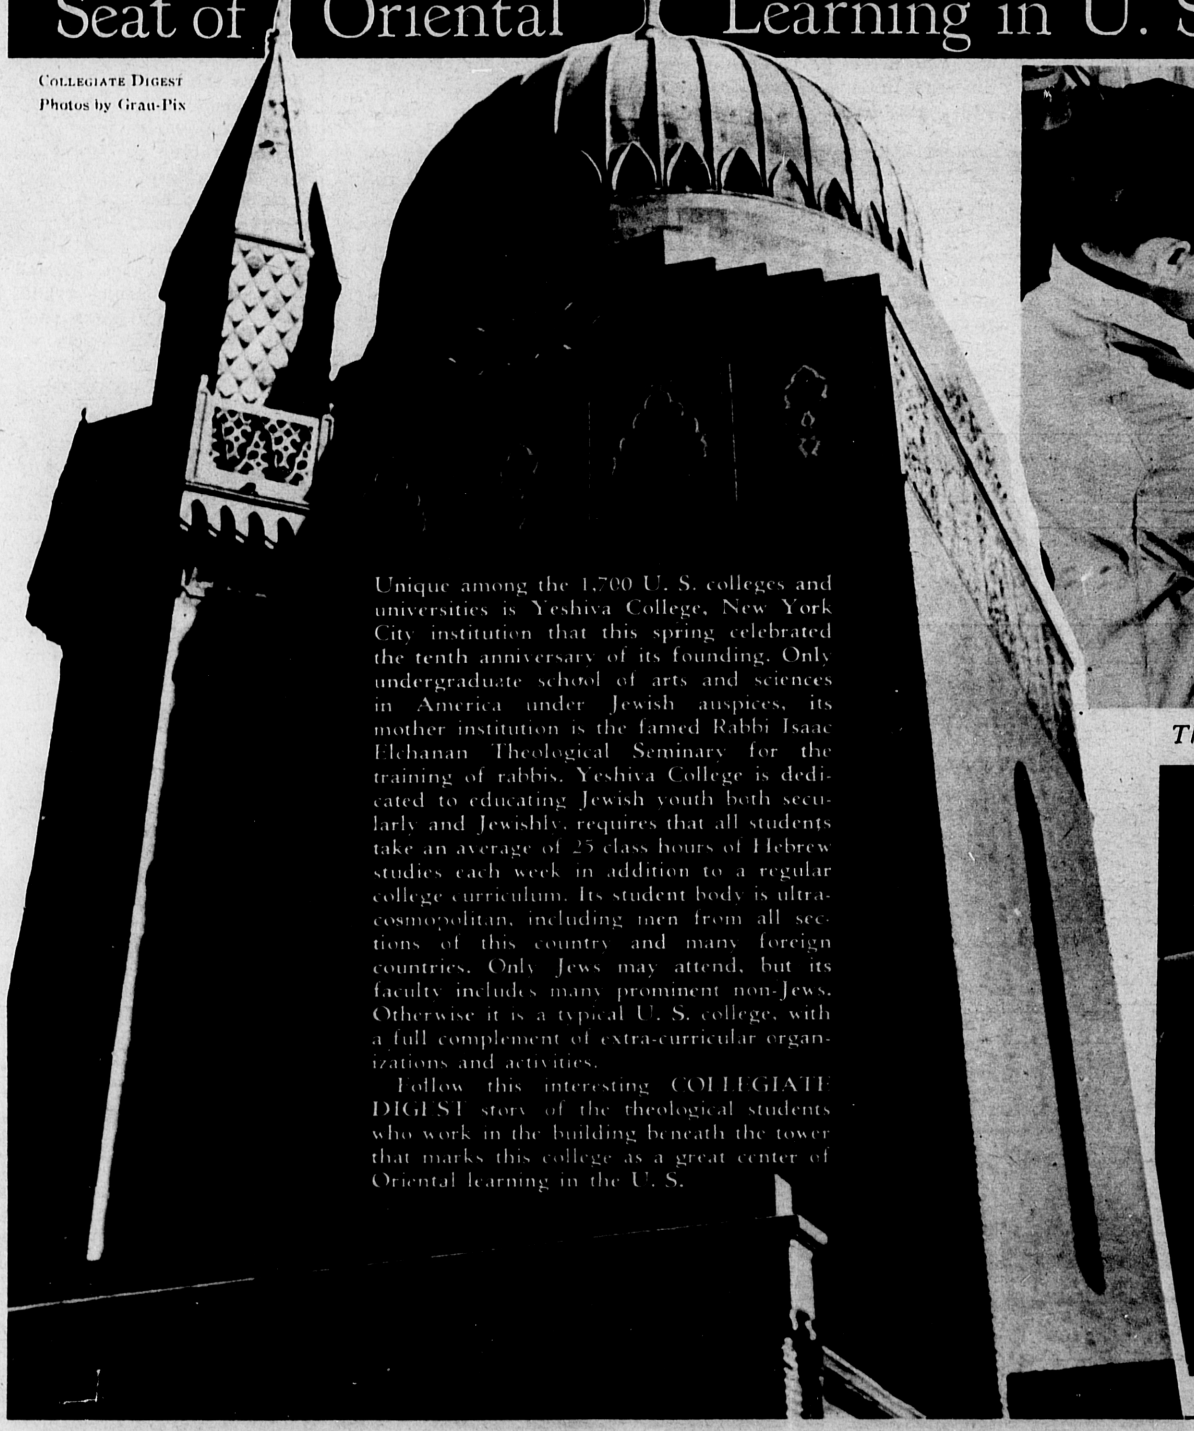
COLLEGIATE DIGEST
Photos by Grau-Pix



Unique among the 1,700 U. S. colleges and universities is Yeshiva College, New York City institution that this spring celebrated the tenth anniversary of its founding. Only undergraduate school of arts and sciences in America under Jewish auspices, its mother institution is the famed Rabbi Isaac Elchanan Theological Seminary for the training of rabbis. Yeshiva College is dedicated to educating Jewish youth both secularly and Jewishly, requires that all students take an average of 25 class hours of Hebrew studies each week in addition to a regular college curriculum. Its student body is ultra-cosmopolitan, including men from all sections of this country and many foreign countries. Only Jews may attend, but its faculty includes many prominent non-Jews. Otherwise it is a typical U. S. college, with a full complement of extra-curricular organizations and activities.

Follow this interesting COLLEGIATE DIGEST story of the theological students who work in the building beneath the tower that marks this college as a great center of Oriental learning in the U. S.
